FRONT WINDOW REGULATOR ASSY

TYC[®]

The image shows a front window regulator assembly. It consists of a long metal track with a motor and gears at one end, and a cable with a hook at the other. The motor is black and silver. The track has several mounting points and a small label. The TYC logo is visible at the bottom of the image.

REAR WINDOW REGULATOR ASSY

TYC[®]

The image shows a rear window regulator assembly. It is similar in design to the front window regulator, with a metal track, a motor, and a cable. The motor is black and silver. The track has several mounting points and a small label. The TYC logo is visible at the bottom of the image.

All trademarks and vehicle models (including their names and pictures) mentioned in this catalogue are for reference only. Our production is not original replacement parts but interchangeable against original parts.
